Profile

I studied Business Administration at Warsaw School of Economics. I have been working as a Business Analyst for 11 years now, reporting to medium & upper level managers in a few multinational companies. I believe, I can add value in terms of data analysis in large business organizations, also by using Artificial Intelligence & Business Intelligence methods.

Skills

I have extensive experience in MS Office package, used in combination with SQL / SAP databases and company-wide CRMs.

I hold a certificate for Microsoft Azure Databricks (AI-900). I am currently approaching the Microsoft Power BI certification (PL-300).

Technology stack: AI / ML tools, like Python, Pandas, NumPy, Sklearn, Matplotlib, with Github and Docker experience. Please visit my GitHub at github.com/wiiiktor/resume to see my sample scripts for data analysis.

Professional career

8-year experience as Business Analyst for multinational companies like Masterfoods, MGA Metro and Whirlpool; my main job was to analyze sales and financial data (Media Mix Modeling of revenue sources, regression, time series, risk analysis, sales results).

During my work at Efneo I was responsible for market analysis and providing input for business plans, quarterly reviews, etc.
